

OUR VISION IS AN AUSTRALIA WITHOUT FOOD WASTE. STARTING WITH HALVING FOOD WASTE BY 2030.

End Food Waste Australia is delivering a more productive, sustainable and resilient Australian food system through ending food waste.

2024

Food waste costs Australia **\$37B** per annum.

9.2MT of food waste predicted to be generated in 2030.

Current EFWA activities are predicted to reduce **1.4MT** of food waste in 2030 (**31%** of the National Food Waste Strategy target).

World's largest **Public Private Partnership** dedicated to ending food waste.

2030

Halved national food waste to **4.6MT**, achieving the National Food Waste Strategy & UN SDG12.3 targets.

New EFWA activities reduce food waste by an additional **2.5MT**, with **0.7MT** to be delivered through non-EFWA activities.

New investment of **\$135M** in EFWA activities.

The Australian Food Pact will deliver an additional **\$1.2B** in economic benefit to businesses.

Halving food waste will avoid **50MT** CO₂-eq GHG emissions.
